Mayor's Memo

June 2007

The management of a municipal government, much like management of a business, requires planning. Throughout my business career, I have always practiced the six "P's" of Management.

Precise
Prior
Planning
Prevents
Poor
Performance

The management of your municipal government is an on going operation. The following are examples of Municipal Planning.

PUBLIC WORKS: The City Engineer, Anne Lamitola and staff, are preparing a long term Street Maintenance Master Plan for the entire network of streets within our city. Each street is rated and future maintenance requirements are planned and scheduled over a ten year period.

Storm Water problems have been identified in three of the four wards of the city. A study of each of the problems is either underway or programmed. The outside consultants hired to study the problem will also present recommendations for corrective action. Potential funding sources for these projects are MSD, the state of Missouri and Proposition "P" funds.

PARKS & RECREATION: Parks Director Gerald Brown is coordinating a Parks Master Plan update for our Parks System. This comprehensive study of our facilities has an underpinning of "Protection of Green Spaces" Funding the recommendations from the Master Plan are provided from Proposition "P" which passed overwhelmingly in April.

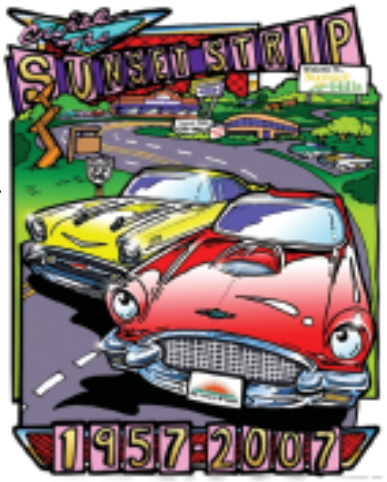
1957 50th Anniversary 2007

Sunset Golden Anniversary

1957 - 2007



On Saturday evening, August 18th, at 6:30 all residents are invited to a free event at the Sunset Hills City Hall Complex on South Lindbergh. Bring your lawn chair and sit in the shade and enjoy a parade of hundreds of classic cars as they cruise the famous Sunset Strip. The Spectator viewing area will be treated to oldies music from the 1950s, 60s, and 70s. Food and adult beverages will be available from the Fenton Lions Club and Growlers Pub. All spectators will be encouraged to vote for the best cruiser.

On Sunday August 19th, between 8:00 and 3:00 pm. a classic car show will be held on the parking lot on the North East corner of Rott and Geyer roads, across from Laumeier Sculpture Park. This is going to be a major event with hundreds of pre 1979 cars.

Spectator entry to the car show is free. Many local businesses have contributed to this event. Besides a complete engine, over $3000.00 in attendance prizes will be given away to the car show participants and Sunset Hills residents.

So cut out the ticket on this page, write your name and address on it and turn it in at the Registration tent at the car show Sunday. You must be present to win!! Tickets will be drawn throughout the day. The winning names and prizes will be posted at the Registration tent. The engine and the car show awards will be given away at 3:00 pm.

Registration forms for the cruise, car show and event t-shirts are available at City Hall, on the website at www.sunset-hills.com under the Schedule of Events link or by contacting John Schifko at 314-352-1669.

Employees of Sunset Hills

This month we would like to introduce you to Scott Reed. Scott is an employee of our Public Works Department headed up by Engineer and Director Anne Lamitola. Scott started with the City in November 2002 as an Asst. Engineering Tech and has since moved his way up to Building Inspector/Code Compliance Officer. As our inspector, Scott ensures that properties are safe and maintained to the City's standards. Residents may spot him doing inspections around town on Tuesdays and Thursdays.

One of the things Scott enjoys most about working for the City; "The people and my co-workers. I learn something new everyday. I also enjoy the rapport I am building with the residents. Some folks stop by to say hi or to say thanks for a good job. That always makes the day better."

In his spare time, Scott enjoys traveling with his family and woodworking. He is skilled in building a variety of furniture. His favorite is the arts and craft period.

If you have any questions about code compliance or building inspections, please call Scott at City Hall Monday through Friday 8:30am - 5:00pm.

Message from MoDOT

This fall, MoDOT will be restriping I-44 from I-270 to I-55 to add an additional lane, as one of the methods to minimize congestion due to the new I-64 reconstruction project. To do that and maintain acceptable traffic flow between I-44 and I-270, they will have to stripe a double loop ramp from SB I-270 to EB I-44. This double loop ramp will require us to close the current access to Watson Road that travelers on EB I-44 currently have. However, access to Watson from I-270 as well as WB I-44 will still remain. These traffic changes will continue as long as the additional lane is available on I-44.

SUNSET HILLS HISTORICAL FACTS

The Sunset Hills Historical Society will be honoring a veteran each month throughout 2007. Information that is used has been provided by Joyce Franklin which she obtained through interviews with each individual.

Charles H. Koehler

Charles H. Koehler served in WW II in the Italian Campaign. His platoon fought their way through Europe being ever conscious not to destroy or damage any historical buildings or monuments. They captured the Leaning Tower of Pizza and were pinned down by the enemy that was in the tower shooting down on them; they did not shoot back as it would have caused irreparable damage to the monument. They eventually captured the Leaning Tower of Pizza. Mr. Koehler shares his memories in a paper he donated to the Sunset Hills Archives. Feel free to come read his experiences.

Ralph Kolde

Ralph Kolde is definitely from a military family. His grandfather served two terms in the Civil War. His father was in WW I serving under Teddy Roosevelt in the Great White Fleet. Ralph served in WW II in the US Navy and had been around the world at age 21. He has a photo of the Battleship Kansas and its crew. Ralph served on that ship where Admiral Hulsey was a crew member and later became an Admiral.

NOTE: The Historical Society will not meet in June or July due to their involvement with the 50th anniversary celebration. Meetings will resume in August.

If you have a son, daughter, husband or wife serving in Iraq, please contact the Historical Society at 843-5649.

HOUSE TOUR

The Historical Society will assist the owner of a unique home with a tour on July 7th. Guided tours will begin at 10:00 am and 1:00 pm. The home is located at 11869 Fairlind, across from Sunset Country Club. This house is an American Four Square House of Mediterranean Style.

The Historical Society ahs been gifted a quantity of Missouri Red Granite for marking historic sites within the City. We will accept contributions to offset engraving and installation costs. Should you want to participate, please call Joyce Franklin at 843-5649.

From the Police Department

Citizens frequently express their concerns regarding traffic speeds in residential neighborhoods. The police department makes daily efforts at speed control in our city. These measures include actively patrolling our neighborhood streets, stationary radar operations, setting up our speed display trailer and positioning police vehicles in visible areas to slow drivers down.

As A Driver... know and obey the speed limits Speed limits are considered by law to be safe and prudent under normal conditions. This lower speed limit allows for a greater reaction time and shorter necessary stopping distance to avoid a hazard in the roadway. In Sunset Hills, most residential streets have speed limits in the 20-25 mph range.

Watch for and yield to pedestrians in the roadway Pedestrians are commonly present in residential neighborhoods. A pedestrian has the right-of-way in marked crosswalks at an intersection.

As a parent, set a good example for your children. Children often learn by watching and imitating their parents. Insist that all occupants wear seat-belts. Talk with your teens about traffic safety and let them know about the responsibilities that drivers assume for their own safety and that of passengers. Your actions as a driver, pedestrian or bicyclist should always set a good example.

As A Resident...get involved. Be aware of road conditions, traffic patterns and alternate routes to your destination. Be aware of the rules of the road as a pedestrian, bicyclist, or motorist. Call the police department if you have a traffic concern and would like to discuss the measures available in your neighborhood for speed control. Please contact either Lieutenant Mike Swofford or Lieutenant Greg Zveitel at 849-4400 Monday through Friday 7am to 10pm.

- One of the top locations in Sunset Hills for 2006 accident occurrence is Watson Road at Geyer Road.
- Most accidents in Sunset Hills occur during the 3pm to 6pm hours, closely followed by the 7am hour. Thursdays and Fridays were the more accident prone days.
- The top 2 contributing circumstance in Sunset Hills auto accidents is "following too close" and "fail to yield".
- Drivers who were between the ages of 35 and 44 accounted for the most auto accidents in Sunset Hills during 2006, followed closely by drivers over the age of 65.

Mayor's Memo

PUBLIC SAFETY: Under the direction of Chief LaGrand, the Police Department schedules are being reworked to maximize employee productivity while controlling labor costs. The objective is to improve service levels consistent with available funding levels. Research is underway to identify new technologies that are capable of assisting in meeting performance goals.

We are building relationships with other governmental jurisdictions to improve public infrastructure required to meet growing population. Specifically work is ongoing to address deferred maintenance on the Gravois bridge which connects Sunset Hills with Fenton.

ADMINISTRATION: City Clerk Laura Rider manages the operations of the government. Working in concert with me, Laura directs a number of new initiatives programmed to prepare our city for the future. She works with the Business Development Committee whose job it is to analyze current and future revenue sources needed to pay for increasing costs of providing necessary services. Laura also works with the Special Projects Committee to explore such ideas as "Shared Public Assets", City Beautification Programs and Annexation.

Each week I meet with City Department heads to review past performance and plan for the future. It is our goal to preserve and protect all the good things that make Sunset Hills unique. Practicing the six "P's" in the management of Sunset Hills we'll successfully achieve our goal.

Sunset Hills Athletic Fields Grand Opening

(July 15th, 2007)
11:00 am – 1:00 pm

As you may have heard; the City of Sunset Hills purchased athletic fields (formerly known as Dream fields) near the Meramec River adjacent to Minnie Ha Ha Park; last December. Since then we have renovated the facility by placing new fencing, safe guards on the fencing, fixed all the lights, applied appropriate athletic mix dirt to all of the fields, installed new landscaping and signage. We also constructed a restroom and a covered area. We currently have over 40 teams participating in our spring softball session as well as two athletic associations utilizing the fields.

We are proud of our new facility and would like to invite you to come join the afternoon with us; explore the new fields and facilities as well as enjoy some Free BBQ and drinks. Ribbon cutting ceremony will start at 11:30am. Food and refreshments will follow.
