Resolution for the Mayor and Board of Alderman

FISCAL IMPACT:

Unknown, though staff is anticipating receiving roughly \$2,500 for the sale of the equipment.

BACKGROUND/DISCUSSION:

In late 2019, Dr. Bander donated 100 acres of property that included driving range, old pole barn and a few pieces of old equipment. The 1997 Ford tractor was used to mow grass throughout golf course and pick-up golf balls from driving range. Since acquiring the property, this piece of equipment has been operational for a total of 13 hours; most of the time, it is in the shop being repaired. Currently it needs a new transmission, piston rod replacement and new battery. The City has approved a purchase order for a John Deere Gator to replace the outdated piece of equipment.
