January 20, 2021

Mr. Mace Nosovitch
Edison Real Estate, LLC/Tidal Wave
158 Long Road
Chesterfield, MO 63005

Dear Mr. Nosovitch:

A final inspection of Permit No. SL-20-069271, allowing the signal and roadway work proposed for the Tidal Wave development on U.S. 50 (S. Lindbergh Boulevard) at East Watson Road, was made on January 19, 2021. This inspection revealed that all proposed work is complete and found acceptable. Therefore, we are clearing your excavation permit. The \$8,000 surety deposit will be returned under separate cover.

We extend our appreciation to your Outsource Inspection company for the attention given to the signal modifications on this project, and for the courtesy of your general contractor's staff, during the course of this construction within the MoDOT right of way.

Should you have any questions or comments, you may call Mr. Rob Meyer at 314-624-8143.

Sincerely,

Jim Bodart
Senior Traffic Specialist

Our mission is to provide a world-class transportation system that is safe, innovative, reliable and dedicated to a prosperous Missouri.
