Subject: 9436 Oakwood Manor petition

Public Works Staff,

We received the postcard to notify us of the public hearing to vary the setback for a garage and allow the use of grass pavers at 9436 Oakwood Manor Lane. Like many residents, we are both working and unable to attend the zoom meeting. We feel the grass pavers would be unsightly and detract from the over all appearance of the neighborhood. In addition, allowing one person to install them sets a precedent for others to do the same. We also feel the front setback for a garage should not be changed. One of the reasons we move to Sunset Hill was because the city has rules and regulations which we trust our elected officials to uphold.

If we need to voice our opinion in any other manner to be considered at the public hearing please let us know.

Sincerely,
Gary and Karen Fox
9441 Dennison Grove Ct
