Attn: Jerry Eime
Re: Public Works New Generator

Dear Jerry,

We are pleased to submit this proposal for the electrical work as requested. We propose to furnish the necessary labor and materials to install the electrical work as described below for the budget price of **Twenty Nine Thousand Nine Hundred Eighty Five Dollars \$29,985.00.**

We have included the following items:

- a. Disconnecting existing generator. Generator to be lifted off pad and set off to side by Sunset Hills personnel utilizing their equipment.
- b. Disconnecting and removing existing automatic transfer switch (ATS).
- c. Reusing all conduits and wiring as is.
- d. Providing and installing a Kohler 20 KW diesel generator on existing concrete pad. Generator to be lifted off our delivery truck and set on pad by Sunset Hills personnel utilizing their equipment.
- e. Providing and installing a 100 ampere ATS.
- f. Connecting load side of existing transfer switch to new ATS.
- g. Start up of generator.
- h. Normal working hours only.

We have not included the following items:

- a. Fuel for generator. Sunset Hills to take care of fueling generator after we set it.
- b. Expanding concrete pad for new generator.
- c. Wiring or installation of remote annunciator.
- d. Disconnecting or rewiring any equipment in emergency panel fed from ATS.
There may be some loads in emergency panel that generator will not be capable of serving under generator power.
- e. Seismic engineering.

Performance • Quality • Integrity • Founded 1935

- f. Sales tax.
- g. Bid bonds.

We trust this will meet with your acceptance and approval. Should you have any questions or comments do not hesitate to call.

Respectfully submitted,

Paul Kroboth
