*Install material cost consist of: Wire, connectors, terminals, circuit protection, fuses, split loom, tape, shrink tube, and other consumables used in this install

Public Safety Upfitters Install Promise

All auxiliary wiring is protected through a power fuse module located under the hood or at OE manufacturers' locations. All wire, switches, relays, and power fuse modules are appropriately secured and mounted as per industry standards. All leads used for power are fused using factory preferred locations or properly rated fuse block with screw terminals for securing wire terminals. All ring terminals & other circuit connections are mechanically crimped using a ratcheting type crimper to ensure proper tension to the terminal a 3:1 adhesive lined black heat shrink is used to cover crimp for providing additional protection. All circuits have properly sized wire & circuit protection as recommended by the equipment manufacturer.

For the convenience of customers, we offer the ability to pay by credit card. In order to keep costs down for all customers, a 3% fee will be added to all invoices paid by credit card in person, and a 5% fee will be added to all invoices paid by credit card over the phone.

Invoices are due Net 30, unless otherwise agreed upon with customer. A 3% fee will be added monthly to all invoices after 30 days. For delinquent accounts, the customer agrees to pay any and all collection fees, attorney fees, and all expenses incurred as a result of attempt to collect the debt.

All quotes are good for 30 days. Cost of goods can change from one month to the next. After 30 days prices are subject to change.

New Customers: Upon acceptance of this quote, please email a tax exempt form to shelterbrand@psustl.com.
