The Department of Public Works denied applicant's request for a permit to construct a Signage

I (Applicant) Amanda O'Hara / Joe Phillips hereby requests a variance to allow Bass Pro Shops Previously approved standard signage package with the corrected SF totals listed.

Practical difficulties or unnecessary hardships for which the Board of Adjustment should grant the variance are:

The previously presented signage package was approved. Although the over all size of the signage were listed correctly and have not changed, the SQ totals of those signs were incorrectly listed on the drawing. This was due to an error in the software / scale. Unfortunately no one noticed this discrepancy until we submitted to zoning.

Legal Description of the property to be attached.

Fee: \$125.00
