

STATEMENT OF WORK
No. 3782227-2022-AUD

This Statement of Work (this "SOW") dated January 11, 2023 is entered into by and between Sikich LLP ("Sikich", "we", "us", or "our") and CITY OF SUNSET HILLS, MISSOURI ("Client", "you", or "your") pursuant to the Master CPA Professional Services Agreement dated April 11, 2022 between Sikich and the Client (the "Agreement"), all terms of which are hereby incorporated herein by reference.

NOW, THEREFORE, for and in consideration of the foregoing premises, and the agreements of the parties set forth below, Sikich and Client agree as follows:

AUDIT SCOPE AND OBJECTIVES

The Services to be provided under this SOW will include an audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements of the Client as of and for the year ended December 31, 2022 (the "financial statements").

Accounting standards generally accepted in the United States of America provide for certain required supplementary information ("RSI"), such as management's discussion and analysis ("MD&A"), to supplement the Client's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our Services, we will apply certain limited procedures to the Client's RSI in accordance with auditing standards generally accepted in the United States of America ("GAAS"). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance. The following RSI is required by accounting principles generally accepted in the United States of America and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis
- Schedules of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual: General Fund, County Road Fund, and Storm Water/Parks Fund
- Notes to Schedules of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual
- Schedule of Changes in Net Pension Liability (Asset) and Related Ratios
- Schedule of Pension Contributions

We have also been engaged to report on supplementary information other than RSI that accompanies the Client's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS, and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

- Schedules of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - Capital Projects Fund
- Introductory Section
- Statistical Section

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America and to report on the fairness of the supplementary information referred to in the paragraph above when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, and Government Auditing Standards will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives also include reporting on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and will include tests of your accounting records and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and Government Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the Client. Because the determination of waste and abuse is subjective, Government Auditing Standards do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will request written representations from your attorneys as part of the provision of Services, and they may bill you for responding to this inquiry.

Our audit of the financial statements does not relieve you of your responsibilities.

AUDIT PROCEDURES - INTERNAL CONTROL

We will obtain an understanding of Client and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, and Government Auditing Standards.

AUDIT PROCEDURES - COMPLIANCE

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Client's compliance with provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to Government Auditing Standards.

NONATTEST SERVICES

Nonattest Services expected to be performed during our audit of the Financial Statements as of and for the year ended December 31, 2022 and other deliverables are as follows:

- Assistance in preparing the financial statements based on information provided by you
- Other accounting services
- Assistance in preparing the financial statements based on information provided by you
- Other accounting services

These and other nonattest services provided do not constitute an audit under Government Auditing Standards and such services will not be conducted in accordance with Government Auditing Standards.

We will perform the nonattest services in accordance with applicable professional standards. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities. We will advise management with regard to the nonattest services listed above, but management must make all decisions with regard to those matters.

You agree to assume all management responsibilities for the nonattest services we provide. You will be required to acknowledge in the management representation letter the nonattest services provided and that you have evaluated the adequacy of our nonattest services and have reviewed and approved the results of those services prior to their completion and have accepted responsibility for them. Further, you agree to oversee the nonattest services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; to evaluate the adequacy and results of those services; and accept responsibility for them.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with accounting principles generally accepted in the United States of America, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is responsible for making drafts of financial statements, all financial records and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the Client from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain representation from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by GAAS and Government Auditing Standards.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Client involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Client received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the Client complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, or contracts or grant agreements that we report.

You are responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with accounting principles generally accepted in the United States of America; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with accounting principles generally accepted in the United States of America; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

You are responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Scope and Objectives section of this Agreement. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

REPORTING

We will issue a written report upon completion of our audit of the financial statements. Our report will be addressed to Honorable Mayor and Board of Aldermen of Client. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements, we retain the right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawing from the Agreement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by Government Auditing Standards. The report on internal control and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The report will also state that the report is not suitable for any other purpose. If during our audit we become aware that the Client is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with GAAS and the standards for financial audits contained in Government Auditing Standards may not satisfy the relevant legal, regulatory, or contractual requirements.

ENGAGEMENT ADMINISTRATION, FEES AND OTHER

The assistance to be supplied by Client personnel is described in the workpaper request lists for preliminary (interim) and final fieldwork, which outline the specific schedules and information we are requesting for this Agreement. The workpaper request lists will be discussed with and coordinated with Susanna Messmer, Director of Finance. The timely and accurate completion of this work is an essential condition to our completion of the audit, financial statement preparation, and issuance of our audit report. This SOW assumes all records, documentation, and information we requested in connection with our audit and financial statement preparation assistance services (and outlined in the workpaper request lists) are complete and available at the beginning of the respective phases of the provision of Services. It also assumes key personnel are available to us for the duration of the audit and preparation of the financial statements. We understand that your employees will prepare all cash, accounts receivable, and other confirmations we request and will locate any documents selected by us for testing.

We are committed to the timely completion of the audit, performance of nonattest services as described above, and delivery of final reports for the fee set forth in this SOW. Factors potentially impacting the fee and thereby warranting an adjustment to the fee or issuance of a modification to this SOW include, but are not limited to:

1. Failure to provide schedules and information outlined in the workpaper request lists by our mutually agreed upon dates or such schedules and information being incomplete or inaccurate.
2. Requests by you for Sikich to complete schedules or obtain information previously mutually agreed to be completed by or provided by you.

3. Rescheduling preliminary (interim) or final fieldwork within thirty (30) days of the mutually agreed-upon timing of the engagement. Should Sikich be unable to redeploy members of the engagement team within this thirty (30) day period, we reserve the right to bill for time these individuals are not able to be reassigned to other client engagements.
4. Requests by you for Sikich to perform nonattest services in addition to those identified and described in the "Nonattest Services" section above.
5. Other time deemed outside the scope of services of the engagement as set forth in this SOW.

Sikich is hereby authorized to provide up to ten hours for services outside the scope of this SOW. Time incurred for such services is billable using the hourly rates outlined within this SOW, unless subject to terms agreed to in a separate Change Order issued to this SOW.

Final reports will be issued upon your approval of the preliminary drafts. Our engagement ends on delivery of our final report. Any follow-up services that might be required will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific SOW for that service. Angela Dorn is the engagement Partner and is responsible for supervising the provision of Services and signing the report or authorizing another individual to sign it. We expect to begin our audit on approximately April 01, 2023.

We will provide copies of our reports to you; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Sikich and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the granting agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of our personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by a regulatory agency. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Our fees for the Services are detailed in the attached Addendum 1.

In accordance with professional standards, any discussions during the period of the audit engagement between Client and a member of the Sikich audit engagement team regarding potential employment or association with Client creates an impairment of independence for the Sikich employee and possibly the firm. Such a situation could require us to temporarily or permanently remove that person from your audit engagement or to perform additional procedures or re-perform procedures, which would increase our fees. Should we not become aware of the impairment until after the conclusion of the provision of Services, our independence would be deemed to have been impaired. Please inform appropriate Client personnel to refrain from any such discussions with any Sikich staff while the audit Services are ongoing and notify Angela Dorn immediately if Client becomes aware that any such discussions may have occurred.

You may request that we perform additional services not contemplated by this Agreement. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate Statement of Work or Change Order covering the additional services. In the absence of any other written communication from us documenting such additional services our services will continue to be governed by the terms of this SOW.

You acknowledge and agree that in connection with the performance of the Services, Sikich may utilize the services of Sikich subsidiaries, affiliates, divisions and/or third parties located outside of the United States (“Offshore Resources”) to provide the Services. Offshore resources may have access to confidential information from offshore locations. Sikich represents to Client that with respect to each Offshore Resource utilized in providing Services to you, Sikich has technical, legal and/or other safeguards, measures and controls in place designed to protect confidential information of you from unauthorized disclosure or use. Accordingly, your agreement above extends to disclosure, ability to access, and use of your confidential information by the Offshore Resources for the purposes set forth in this section. Any services performed by an Offshore Resource shall be performed in accordance with the terms set forth herein, but Sikich shall remain responsible to Client for the performance of the Services.

This SOW is governed by the terms and conditions of the Agreement. The terms of the Agreement are hereby expressly incorporated by reference into and made a part of this SOW. In the event of a conflict between the terms and conditions of the Agreement and this SOW, the terms of the Agreement shall take precedence and control over those of this SOW unless otherwise expressly and specifically set forth herein. In the event of a conflict between the terms and conditions of this SOW and any related exhibits, attachments, or proposals, the terms of this SOW shall take precedence and control over those of the exhibit, attachment, or proposal hereto unless otherwise expressly and specifically set forth herein. Any capitalized terms not otherwise defined herein shall have the meanings set forth in the Agreement. This SOW may be executed (including by facsimile and PDF signature) in one or more counterparts, with the same effect as if the parties had signed the same document. This SOW may be modified or amended only by a written document signed by both parties.

ACCEPTANCE

You acknowledge having read this SOW in its entirety, have had full opportunity to consider its terms in consultation with your attorney, have had full and satisfactory explanation of the same, and fully understand and agree to be bound by the terms of this SOW.

Please indicate your understanding and acceptance of this SOW and your intention to be legally bound hereby by executing this SOW in the space provided below and return it to our offices, indicating your authorization for us to proceed on the above terms and conditions.

We appreciate the opportunity to be of service to you. If you have any questions, please let us know.

Sincerely,

Angela Dorn

ADDENDUM 1
SCHEDULE OF FEES

Annual City Audit

\$ 21,850

Our fees noted above are inclusive of all out-of-pocket costs, all related meetings with the City's officials, and periodic consulting concerning routine matters. Our fees for this engagement will be based on the actual time spent at our quoted hourly rates. Should this time at our standard hourly rates be less than our total fee noted above, we will bill you accordingly. We will be available for other consultations throughout the year at our standard hourly rates, or we may be engaged through a separate contract for other projects.

Invoices for fixed fee services will be rendered and are payable upon receipt based on the following payment schedule:

- \$6,500 Upon completion of planning
- \$8,000 Upon completion of fieldwork
- \$7,350 Upon delivery of report
