REVIEWALS:

Public Works Street Department: Complete
Public Works Director – Complete
City Administrator - Complete

SUBJECT:

Surplus Property – Portable Power Washer, Master Torpedo Heater, and excess Crafcro Tar

LIST OF ATTACHED REFERENCE DOCUMENTS:

FISCAL IMPACT:

Unknown revenue to be generated by auction sales. Potential revenue of below items:

Power washer: \$100.00-\$400.00
Torpedo Heater: \$50.00-\$200.00
Tar: free-unknown -trash

BACKGROUND/DISCUSSION:

The portable power washer is around 12 years old and the pump has loss pressure. Parts are not available so it is unusable. The Master torpedo heater has been out of service for 2 years due to reliability and costs associated with repair vs replace. The tar was received from the Parks department and upon receiving the product, the material is extremely dirty with embedded foreign material, it cannot be used in our machine due to the potential damage it could create to the pump and other parts of the machine.

These units are out of service and have been deemed surplus property.

STAFF RECOMMENDATION:

Staff recommends the Board of Alderman approve the resolution to deem the used units surplus property. The units will be listed on Govdeals.com auction site.
