BACKGROUND/DISCUSSION:

The City has, in its possession, several very large pieces of pink granite. These were acquired and donated after the demolition of the old Watson Rd. bridge. The City has used these pieces of granite to commemorate various locations within the City, including parks and the time capsule located in front of City Hall.

The Sunset Hills Historical Society has requested a donation of a piece of the granite, roughly 20" x 20" in size, to commemorate the historical Route 66 Neon Sign to be installed at 10709 Watson Road.
