[2023-08-31 Postage Meter Maintenance Agreement Renewal Form #2.pdf](#)

Hi Lori:

Per our telephone conversation, your Postage Meter Rental and Maintenance Agreement have come due for renewal. Because your machine is several years old, has been discontinued and is no longer being manufactured, we will replace it with a brand new replacement model called the PostBase Insight i2. The new machine looks exactly like your old one, but it will have the new software in it that is now required by the US Postal Service and it will have an envelope sealer.. Attached are the 2 renewal forms. These are the same forms that you signed previously. Please print out both forms and fill them in at the lower left areas where the X's are. Then just scan and email back to me. When the new unit comes in, we will call to arrange the swap out, and we will send your old unit back for you!

We really do appreciate your continued business as a valued MarXam customer!

Sincerely,

--

Fred Max
