

REQUEST FOR BOARD ACTION

BOARD MEETING DATE: Tuesday, January 13, 2026

REVIEWALS:

Department of Planning & Public Works: Completed
City Administrator: Completed

SUBJECT: 2027 Freightliner 108SD Truck Chassis

ATTACHED REFERENCE DOCUMENTS:

2027 Bid - Truck Centers Inc. - MODOT State Contract

FISCAL IMPACT:

2027 Freightliner 108SD	\$106,484.00
Total:	<u>\$106,484.00</u>

Sunset Hills CIP Budget Amount: \$100,000.00

SUMMARY:

The 2014 International WorkStar two-ton single-axle dump truck is scheduled to be replaced by a new 2027 Freightliner 108SD dump truck. The 2014 truck has been placed on the backup truck list due to ongoing issues with the snow system computer, which has been inconsistent and has required replacement parts that have yet to arrive over the past year. The vehicle has been scheduled for replacement since 2023; however, budget decisions in prior years delayed the purchase. Continued mechanical breakdowns and ongoing parts availability issues have been compounded by the limited use of the vehicle. The City anticipates receiving approximately \$35,000 for the 2014 truck once the new chassis and dump bed are delivered, which is expected in 2027–2028. Currently, each truck ordered requires approximately 1.5 to 2 years from order to completion.

STAFF RECOMMENDATION:

Staff recommends approval of the contract with Truck Center Inc. for the 2026 Freightliner 108SD from the MODOT State Contract in the amount of \$106,484.00.
